The proceeds from the pre-paid lease, asset sale, and existing WCCH Foundation funds were transferred to establish the new Foundation. A MESSAGE FROM THE EXECUTIVE DIRECTOR & CEO

The staff and board of the Wythe-Bland Foundation were honored to serve our communities during fiscal year 2020. For fifteen years the foundation has had the privilege of supporting the communities of Wythe and Bland counties through thoughtful philanthropy. The foundation continues to make great strides in our work to create lasting, positive change for the community.

As we reflect on this fifteenth year of service, we celebrate another milestone of awarding 32 grants totaling $2,486,575. This results in the foundation's total community investment, since 2005, $30,201,755. These awards further the foundation's vision to provide opportunities that promote collaboration between service providers that result in a healthier community.

The foundation's impact continues to grow, marked by significant services being provided by our funded partners. Our foundation-directed grantmaking efforts were strategically aimed at several critical community needs: improving the effectiveness of the nonprofit sector, and providing financial assistance to health and education service projects.

It's hard to reflect on 2020 when we are living in such a very different time. No one would ever have imagined that we would be in the midst of a global pandemic. While it is impossible to predict how events will unfold in the coming weeks and months, the foundation is committed to continue funding projects that provide essential services within our community. While there is much that is unknown about COVID-19, there are many "knowns" in our community. We have deeply committed nonprofits and municipal governments working hard to ensure that our communities remain safe, healthy and thriving. To that end, we provide this Annual Report of the work that has been accomplished.
